

## Annual Residential Trip

*"Forest Oak 6th form is absolutely fantastic, the staff all work hard with the students no matter what the struggles".*

*"Lots of trips and a residential, life skills etc. Would highly recommend".*

*"The Sixth Form have been amazing helping with my daughter, who had many issues settling in. But nothing was ever too much and made her attending Sixth Form something she enjoys".*

## FOREST OAK SIXTH FORM

The Sixth Form curriculum at Forest Oak is built around the needs of our students with an emphasis on engagement, developing independence and preparation for adulthood.

The curriculum is accessed by students who are working from Entry 1 to Level 2. The intent of this curriculum is to support our students to work towards achieving a range of academic and vocational qualifications, whilst also developing life skills and experience needed to support independence when leaving Forest Oak, including preparation for the world of work, further education or supported independence.

The curriculum is also intended to support well-being by building skills and resilience through our SMILE initiative, taught lessons, and personal & social opportunities.

# BIRCH

## Entry Level Personal & Social Skills

The qualifications are focused on those skills which will support learners personal growth and increase their independence in adult life, including areas such as independent travel, self advocacy, personal safety and developing relationships.
